STEERING WHEELS
for iPhone™ & iPod Touch™

Steering Wheel for iPhone and iPod Touch
IP-SWS

Designed in the fashion of a racing steering wheel, to give you the authentic feel of being behind a vehicle. It comes with a steering column stand to add balance and stability; eliminating any unwanted or unnecessary motion. The bottom of the stand has a suction cup that adheres securely to any flat dust-free surface and can also be adjusted according to height and angle. Simply by connecting the iPhone or iPod Touch to its corresponding adapter then placing it in the middle of the wheel, you are ready to put the pedal to the metal and leave the competition in the dust.

Features include:
- Steering Wheel
- Suction cup column stand
- Easy to assemble

Package includes:
- Steering wheel with suction cup stand
- Adapters for iPhone, iPhone 3G (Also Compatible with 4 & 4S), iPod Touch, iPod Touch 2G

Basic Steering Wheel for iPhone and iPod Touch
IP-SW

Whether car racing, motorcycle riding, or jet skiing, you can now maneuver your way through those interactive iPhone/iPod touch Apps with precision. This wheel gives you the feel of driving a vehicle instead of making sharp, erratic turns as you twist your iPhone or iPod Touch from side to side. Simply by connecting the iPhone or iPod Touch to its corresponding adapter then placing it in the middle of the wheel, you are ready to put the pedal to the metal and leave the competition in the dust.

Package includes:
- Steering Wheel
- Adapters for iPhone, iPhone 3G (Also Compatible with 4 & 4S), iPod Touch, iPod Touch 2G

Compatible with most horizontally positioned, motion sensitive iPhone / iPod Touch apps purchased from the iTunes store.
